Important Questions	Answers	Why this Matters:
What is the overall deductible?	**$1,300** person/**$2,600** family. Doesn't apply to In-Network preventive care.	Generally, you must pay all of the costs from **providers** up to the **deductible** amount before this **plan** begins to pay. If you have other family members on the **plan**, each family member must meet their own individual **deductible** until the total amount of **deductible** expenses paid by all family members meets the overall family **deductible**.
Are there services covered before you meet your deductible?	Yes, preventive care.	For example, this **plan** covers certain **preventive services** without cost-sharing and before you meet your **deductible**. See a list of covered **preventive services** at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No. There are no other specific **deductibles**.	You don't have to meet **deductibles** for specific services.
What is the out-of-pocket limit for this plan?	Coinsurance is 20% to a max of **$2,600** person / **$5,200** family. Total out of pocket max is **$3,900** person / **$7,800** family. 20% non PPO penalty applies annually up to **$2,000** person / **$4,000** family.	The **out-of-pocket limit** is the most you could pay in a year for covered services. If you have other family members in this **plan**, they have to meet their own **out-of-pocket limits** until the overall family **out-of-pocket limit** has been met.
What is not included in the out-of-pocket limit?	**Copayments** for certain services, **premiums**, **balance-billing** charges, and health care this **plan** doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.
Will you pay less if you use a network provider?	Yes. See **www.bcbsks.com /providerdirectory** or call 1-800-432-3990 for a list of **network providers**.	This **plan** uses a **provider network**. You will pay less if you use a **provider** in the **plan's network**. You will pay the most if you use an **out-of-network provider**, and you might receive a bill from a **provider** for the difference between the **provider's** charge and what your **plan** pays (**balance billing**).
Do you need a referral to see a specialist?	No.	You can see the **specialist** you choose without a **referral**.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
